MONTHLY BULLETIN NEWSLETTER

CCIH produces a Monthly Bulletin newsletter, sent exclusively to members and affiliates, with a variety of information of benefit to those interested in international health from a Christian perspective. Members/affiliates may submit the following for inclusion in the bulletin:

We work to empower our network to support local communities and encourage them to take charge of their own health.

CCIH WORKING GROUPS

CCIH supports member-led Working Groups that provide opportunities for individual and organizational members and affiliates to collaborate with others while focusing on a subject about which they feel passionate. Working Groups share information and are encouraged to produce tangible outcomes of their efforts such as reports, resource lists, publications, events, involvement in the CCIH Annual Conference, advocacy efforts, etc. For more information, please visit: <http://ccih.org/working-groups.html>

SPEAKERS BUREAU

The Christian Connections for International Health Speakers Bureau is a list of highly qualified global health professionals connected with CCIH who are willing to share their area of expertise with interested students, church groups, various NGOs, advocacy groups, and many more. The list of speakers in the CCIH Speakers Bureau represents a rich diversity of talents, skills and experiences. They are passionate about sharing who they are and where they have been with audiences who are interested in a faith-based perspective of global health. CCIH's Speakers Bureau is unique because our speakers have the ability to discuss how their faith has played a remarkable role in their work in international health and development.
