- Link with health associations and services that reach thousands of health facilities.
- Meet with religious and lay leaders and other community influencers.
- Become known to a global network of hundreds of organizations working in more than 90 countries.
- Develop innovative partnerships for your programs and initiatives.

What's New in 2025?

CCIH is excited to meet in person June 9-11, 2025, at Catholic University in Washington, DC. **This year's theme is *Change Agents for All*.** The conference will be a blend of plenary and breakout sessions that feature Christian leaders who work in global health, as well as representatives from government agencies and other partners who support global health programs. Plenary sessions will also be streamed online to reach our global audience. The conference fosters connections and provides opportunities to share expertise, experiences, and best practices.

“Thanks to connections we made through CCIH, we are now working with partners to reach more than one million people in Nigeria and half a million people in India with vision correction.” -**Mark Lorey, RestoringVision, 2023 Conference Sponsor**
