Group 1

Reflecting on your experience since the initial training, how have you been able to integrate teachings on SRHR into your sermons and community discussions?

Can you share any specific examples of how these messages were received, especially by young people and those in vulnerable situations?

Process Evaluation

Group 2

What challenges or resistance have you faced when discussing SRHR topics within your religious community?

How have cultural beliefs or traditional views influenced the way these messages are accepted or rejected?

Process Evaluation

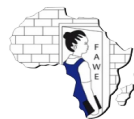

Group 3

What issues have you felt too sensitive to address?

Are there any areas where you feel the training could be improved to better fit the local context?

Process Evaluation

Group 4

Can you share any success stories where your SRHR teachings have had a positive impact on youth or marginalized individuals in your community?

How has this influenced your confidence and commitment to continue this work?

Group 5

What gaps or unmet needs do you see when working on SRHR topics with young people in your community?

How can we better support community religious leaders to address these gaps and build an even more inclusive environment for SRHR discussions?
